

MMA WELDING EQUIPMENT

MASTER S 400 KEMPPPI WELDING MACHINE

Master S 400 is designed for high performance stick welding (MMA). Compact, robust and portable, the Master S 400 has optimum energy efficiency and is the perfect partner for heavy duty welding where ease of use, reliability and durability are of primary importance. The Master S 400 comes with integrated secondary voltage reduction (VRD), which increases occupational safety for specific environments. This welding machine is ideal for use on construction sites and is easy to move around for easy site management.

By connecting a suitable Kemppi remote control, you can control the welding current from a distance.

p>

	MMA	TIG DC
MMA setting range	400	A
Diameter electrode min.	1,6	mm
Diameter electrode max.	6	mm
Open circuit voltage	55-65	V
Duty cycle 60%	400	A
Duty cycle 100%	310	A
Welding current max.	400	A
Power kVA max	24	kVA
Voltage	3x400	V
Mains fuse	25	A
IP protection class	IP23S	
Length	270	mm
Width	570	mm
Height	340	mm
Weight	20,5	kg
Family	Master S
